As a dedicated Full-Stack Developer with a strong foundation in the MERN stack, I'm eager to apply my skills to create innovative and efficient web applications. I'm driven by a passion for learning and a commitment to writing clean, effective code. I'm excited to contribute to a dynamic team, where I can grow and help bring creative ideas to life. Let's collaborate to achieve great results together!

EXPERIENCE

Jun 2024 – Aug 2024
Brain Supply
Munich, Germany

FULL-STACK DEVELOPER INTERN

Developed a user-friendly hiring platform, enhancing the UI to improve brand image and simplify company connections with top Tunisian tech talent. Contributed to coding using the MERN stack, emphasizing responsive design and clear calls to action.

Jul 2024 – Sep 2024
Next-Step IT
Tunis, TN

SOFTWARE DEVELOPER INTERN

Developed a user-friendly UI for the Nuclei vulnerability scanner during my internship, using the MERN stack. Enhanced user experience by simplifying template selection and scan result analysis, making the tool more accessible and effective.

2022 – 2023
Engineers Spark
Tunis, TN

DATA SCIENCE INSTRUCTOR

Design and deliver in-depth, comprehensive courses in Data Science, equipping learners with the essential skills and knowledge to excel in the field.

2021 – 2022
Go My Code
Tunis, TN

DATA SCIENCE INSTRUCTOR

Develop and deliver comprehensive courses in Data Science.
